⁵You Glow, Girl

There's no doubt that these take cajones to pull off. Even Carrie from "Sex and the City" might have had reservations, but if you've got the chutzpah to glide through the club like a goddess in one of these otherworldly faux-furs, you will not go unnoticed.

This new line of accessories, which includes purses, scarves and leggings, can last throughout the night and is guaranteed to leave an indelible impression on everyone in its presence.
